On August 24, 2023, the Affiliated Investment Entities purchased \$50,000,000 aggregate principal amount at maturity of the Issuers 7.25% Green Convertible Senior Notes due 2030 (the notes) pursuant to that certain Indenture, dated as of August 24, 2023, between the Issuer and the trustee named therein (the Indenture), for an aggregate issue price of \$45,000,000. The notes bear interest at a rate of 7.25% per year on the principal amount at maturity, payable semi-annually in arrears on February 15 and August 15 of each year, beginning on February 15, 2024. The notes will mature on August 15, 2030, unless earlier repurchased, redeemed or converted. Each \$1,000 principal amount at maturity of notes have an issue price of \$900. An amount equal to the difference between the issue price and the principal amount at maturity will accrete from the original issue date through August 15, 2027.

The Reporting Persons may convert all or any portion of their notes at their option at any time prior to the close of business on the second scheduled trading day immediately preceding the maturity date. Notwithstanding the foregoing, the Reporting Persons will not be entitled to receive any shares of the Issuers common stock otherwise deliverable upon conversion of the notes, or upon the exercise of the Series A Warrants (as defined below), to the extent, but only to the extent, that such receipt would cause the Reporting Persons to become, directly or indirectly, the beneficial owner of more than 19.99% of the shares of the Issuers common stock outstanding at such time. Any purported delivery of shares of the Issuers common stock upon conversion of the notes, or upon exercise of the Series A Warrants, shall be void and have no effect to the extent, but only to the extent, that such delivery would result in the Reporting Persons becoming the beneficial owner of shares of the Issuers common stock outstanding at such time in excess of the beneficial ownership limits then applicable to the Reporting Persons.
